2020 TRAVEL GRANT
Up to $1,500
Deadline: Ongoing in 2020

Introduction
Travel Grants are intended to support the participation of post-doctoral investigators at scientific meetings at which they are scheduled to present a paper or a poster on gambling disorder research. Applicants may request up to $1,500 for travel in 2020 or 2021. Funds can be used to support economy air transportation, lodging, ground transportation, meals and early bird conference registration fees. The Principal Investigator may apply for only one Travel Grant per cycle.

International Center for Responsible Gaming
The International Center for Responsible Gaming (ICRG), formerly the National Center for Responsible Gaming, is a nonprofit 501(c)(3) organization dedicated to scientific research on gambling disorder since 1996. (For a list of grants supported by the ICRG and NCRG since 1996, visit http://www.icrg.org/research-center/icrg-funded-research.) The ICRG awards grants on a competitive basis under the leadership of the Scientific Advisory Board. Composed of leading, independent scientists with expertise in addiction and related topics, the Scientific Advisory Board plays a vital role by ensuring the ICRG follows rigorous standards in awarding grants for only the highest quality research proposals. A current roster of board members is listed on page 3.

Eligibility
Travel Grants are available to scientists who are not more than 10 years beyond their MD, PhD or other terminal degree. The applicant must be the first author of the paper or poster to be presented.

Eligible meetings include academic conferences that are not specifically focused on gambling disorder and that employ rigorous peer review in the selection of posters and presentations. Examples include national meetings of The American Psychological Association, The College on Problems of Drug Dependence, The Society for Neuroscience, The American Psychiatric
Association and The American Psychopathological Association. Contact Christine Reilly, Senior Research Director, if you have questions about the eligibility of a conference (creilly@icrg.org). Eligible meetings must be scheduled in 2020 or 2021.
